

PERSHING WARNED BY TREVINO

AMERICANS TO MAKE NO MOVE RAILROAD IS SENDING OUT APPEALS FOR VOLUNTEERS ROBINSON LEAD JUMPS TO 297

Pershing is Told He Must Not Move South, West or East in Mexican Territory.

AN ATTACK IS THREATENED

War Department Says Pershing is Prepared for Any Possible Eventuality.

(BY ASSOCIATED PRESS.)
WASHINGTON, June 17.—General Funston advised the war department today that he was informed by General Bell at El Paso that General Trevino had been warned by General Trevino, the Carranza commander at Chihuahua, that any movement of the American expedition to the south, west or east would be a signal for an attack by the Mexican forces.

No word has come so far from General Pershing himself, but even before the arrival of General Funston's message, department officials were inclined to credit newspaper despatches telling of the Trevino warning.

Preparations have been made for any eventuality and Pershing is ready to deal with any force that may be sent against him. It is probable, however, that he will hold to his present lines and make no move.

Practically all available regulars of the United States army including many coast artillerymen already are on the border or in Mexico and the national guard of Texas, Arizona and New Mexico are in service for patrol duty. The guardmen of other states were notified some weeks ago to be prepared to respond if it should become necessary to call them out.

It was learned today that considerable correspondence has been exchanged between the department and governors and adjutant generals of various states relative to the new status given the guardmen under the Hay-Chamberlain army organization bill, which becomes effective July 1. These messages are presumed to have caused reciprocal reports that the entire force of the national guard was being prepared for active service.

OUTLAW BAND ACTIVITIES LOOKED AFTER ON BORDER

(BY ASSOCIATED PRESS.)
SAN ANTONIO, June 17.—General Funston and his staff gave careful attention today to the activities of outlaw bands along the Mexican border but far greater interest was displayed in the attitude being assumed by the troops of the de facto government.

General Ricaut's warning that the crossing of the international boundary by American troops for any cause would be regarded as an overt act and would be the cause for an attack by the de facto government troops did not disturb General Funston. The search for bands, it was declared, will continue and whenever "a hot trail" is found, leading into Mexico, the Americans will not hesitate to follow it. The officers in charge of troops on the border have authority to cross into Mexico without waiting for instructions.

General Funston's army of almost 50,000 has been so disposed along the Mexican border that swift punitive action could be taken if invited by any corner act of Carranza's army. General Trevino's threat to attack General Pershing, if the American troops move east or west or south, was regarded by army officers here as little less than a declaration of hostilities by the Mexicans. No fear is felt, however, that General Pershing will not be able to take care of himself.

CONSULS ARE ORDERED TO COME BACK HOME

(BY ASSOCIATED PRESS.)
SAN ANTONIO, June 17.—The arrival at Laredo today of Phillip Hanna, consul general at Monterey, developed the fact that the state department ordered both him and J. H. Stillman, consul at Saltillo, to the American side of the river.

The withdrawal of these two consular officers will leave the American government with no consular representatives at interior points in Mexico, except an agent at Mexico City.

MUCH UNREST EXISTS NEAR MONTEREY CITY

(BY ASSOCIATED PRESS.)
LAREDO, Tex., June 17.—There is an undercurrent of unrest, according to reliable reports here, among the Mexican civilians and soldiers in the territory between Monterey and Nuevo Laredo. It has become openly known that General Carranza has given orders that if American soldiers enter those sections of Mexican territory not already occupied by Mexican troops, it would be considered an act of war and the Mexicans have orders to give battle.

Tinplate Men to Hold Annual Picnic July 8

Public Cordially Invited to Assist in Eating a Roasted Ox.

Employees of the Phillips Sheet and Tinplate Company will hold their third annual picnic at Norwood park Saturday, July 8. A feature of this year's picnic is the invitation extended to the public to attend. There will be an ox roast and everyone is invited to come out and help the tinplate employees eat the delicacies they will have on hand for the occasion.

A conservative estimate is that there will be 5,000 persons in attendance at the picnic. Those having charge of the arrangements for the picnic stated today that the representation from the tinplate company, including the families of the employees, will be over 2,000. About 3,000, and probably more, citizens will no doubt accept the generous invitation to attend the picnic.

The picnic will be preceded by a big street parade, which will pass through the principal streets. A brass band will furnish music for the occasion.

There will be a number of athletic contests at the park in the afternoon to furnish amusement to those in attendance. Suitable prizes will be awarded the winners of the contest.

MEXICANS ARE ARMING NOW NEAR THE BORDER

(BY ASSOCIATED PRESS.)
EL PASO, June 17.—Officers and soldiers of the American garrison here were kept closely to their quarters today. Street car service to Juarez was at a standstill and efforts were made by United States customs officials to persuade Americans not to cross the river.

Tension was noticeable on the Mexican side, where numbers of civilians were arming themselves. Reports from authentic sources stated that recruiting for the army was being pushed in all the larger cities in Mexico.

VOTING Will Be Brisk during the Closing Hours of the Triple Vote Offer.

Tonight at 9 o'clock marks the close of the triple vote offer, which has been in force since the opening of the Telegram's "10,000 Club" a few days ago.

All the members are alive to the fact that this is an exceptional opportunity to get votes for a small amount of business and voting will be brisk up to the closing hour tonight.

Remember that you can get votes today that will have to be paid for later and votes are what you will have to have in order to win. To those who have not started yet, we would say that it is hardly fair to your friends, to let them pay their subscriptions and place the votes to your credit and you not even make a start.

Out of consideration to them and the manager of the club, come up and talk it over and if you decide that you can not compete, we will take your name off the list and let these good people boost for the active members where their efforts will do some good.

It is really early yet, and you can win as well as anyone else; no one has the cars won, and you can start now and win easily.

You never know what you can do until you try. Why not try today?

To Maintain the Service in the Event There is a Strike of the Trainmen.

WILL RETAIN THE SAME

In the Service of the Company and Give Them All the Protection Possible.

(BY ASSOCIATED PRESS.)
PHILADELPHIA, June 17.—General Manager S. C. Long, of the Pennsylvania railroad, today appealed to the 146,000 employees of the company's lines east of Pittsburgh, asking for the continuance of their loyalty and calling for volunteers to maintain the service in the event of a trainmen's strike. The appeal discussed the possible effect of a strike and adds:

"If this strike of trainmen is carried on our company will require engineers, firemen, conductors, passenger and freight brakemen. The management calls the attention of all faithful employees to the necessity that may arise to meet such emergency."

"Those of you who feel and believe with the management that the traffic of the company must move regardless of any wage controversy and who are willing to volunteer their services to assist the company in doing its duty to the public, to the stockholders and to loyal and faithful employees, will send their names to their immediate superior officers, stating for what service they volunteer."

"The management gives assurance to those who may volunteer and whose services are accepted that they will be retained in the position assigned them and receive the same protection that has always been afforded during crises of this nature."

EFFORT TO INTIMIDATE MEN SAYS GARRETSON

(BY ASSOCIATED PRESS.)
NEW YORK, June 17.—"The statement is an effort to intimidate the men," said A. B. Garretson, president of the Brotherhood of Railway Conductors, when informed here today of the Pennsylvania railroad's appeal. "It will fail of its purpose. The railroads have resorted to such tactics before but never so openly. Hereafter they have sought to accomplish the same end in secrecy."

"The statement in my mind has no special significance and does not alter the situation, which has already been pointed out is not hopeless. There is no danger of a general strike unless the railroads refuse to negotiate with us after the strike vote is taken. It must be remembered that the strike vote has yet to be taken."

BIG GAIN IN BERKELEY

Canvassed Returns Are in Now from Forty-Three of the Fifty-Five Counties.

(BY ASSOCIATED PRESS.)
WHEELING, June 17.—The majority for Judge Ira E. Robinson, candidate for the Republican nomination for governor at the recent primary election, was increased to 297 over Attorney General A. A. Lilly by the completion of the recount in five additional counties, according to advices received here today.

The biggest gain was in Berkeley county where a transposition of votes for Robinson and Lilly resulted in an increase of eighty-one for the former.

Canvassed returns have now been received from forty-three of the fifty-five counties in the state.

In a statement to this newspaper over the telephone from Charleston Friday night, Judge Robinson said:

"In the contest between myself and Mr. Lilly for the Republican gubernatorial nomination, I wish it understood that I have no desire to resort to technicalities, and will not do so or have my attorneys do so, except in self-defense. My attorneys proposed to the Lilly attorneys in a number of counties that every Republican vote be counted, with no resort to technicalities. That proposition has been declined by them. I hold that every Republican was entitled to his vote in the primary, and I do not want the nomination unless I have a clear majority of the Republican voters of West Virginia. I repeat my desire to conduct this contest, insofar as to determination of the result, without resort to technicalities, and will make no effort to profit by irregularities unless compelled to do so to protect a nomination that has been fairly won."
